FADE IN:

EXT. CLOUD CITY - DAY

Camera tilts down to Celestia and Luna standing in front of a crowd of Pegasus. There is a long pause.

CELESTIA
Alright. Who did it?

Pause.

RANDOM PONY
Did what?

CELESTIA
Oh, you know! You know... what!

Pause.

RANDOM PONY
No.

CELESTIA
My hair! Look at my hair! It's pink!

Pause.

RANDOM PONY
Um.

CELESTIA
It's not supposed to be pink! It is supposed to be **rainbow-colored!** Somepony snuck into my room in the dead of night and dyed my hair while I was asleep.

Pause.

CELESTIA (CONT'D)
Now— I know it was one of you. You know... And I want the guilty party to step forward.

Pause.

CELESTIA (CONT'D)
I— Okay. I see how it is. I'm going to give you five seconds to come out, or I punish all of you.

SNOWDROP comes out from the crowd.

SNOWDROP
Hi guys. Sorry I'm late. What I miss?

CELESTIA
(ominously trailing off)
You...

SNOWDROP
What?

CELESTIA
I knew it was you, de, little girl.

LUNA
Celestia, I don't think she did it.

CELESTIA
Oh she did it! I can tell.

LUNA
But she's blind! I don't think she even knows what pink is.

CELESTIA
But Luna don't you see? That's what she want's you too think! It's genius. No pony would suspect the little blind girl. On the outside she is a harmless little filly. But in the inside, she is a criminal mastermind!

LUNA
Celestia.

CELESTIA
Everything she says is a lie! She does nothing but scheme! She is the shadow in the night that no pony sees coming! She is the ears in the walls that listen to your private conversations!

RANDOM PONY
(thought to self while Celestia is talking)
My god. She's so angry. Yet, she looks so calm.

CELESTIA
And she hates puppies! Probably!

LUNA

Okay! I think we're done here. So
we're gonna go now.

CELESTIA

No! She must be punished!

LUNA

You know, I d— I don't think
that's necessary. We should just
go home and have a nice long...
talk about this.

CELESTIA

Ba de... Darn it.

There is a long pause.

SNOWDROP

What just happened? We— Were they
talking about me?
